

## MOOSE MOTOR CYCLE RACE FEBRUARY 22

National Sanitarium Idea  
to Be Boosted Again —  
Boido Boss F. A. M.  
Champ Race for Next  
Fair, Says Donovan.

Announcing the second annual Moose motorcycle race meet, Dr. L. Boido, its manager, last night made public the full details of a deep laid plot to inform the world once more that the Salt River valley is the proper place to locate the Moose Tubercular Sanitarium. With the cooperation of the Chamber of Commerce, all civic bodies, and the best riders in the world, the Moose will stage their second big noise on Washington's birthday, when most of the United States is shoveling snow.

The short race will be exemplified February 22. There will be six complete contests, each with its prizes. And one of them will be the Arizona championship for Arizona riders—a combat that will either induce Joe O'Connell, the present title holder, to re-enter the racing game or to retire and let some other fast local crack ride off with the plum.

An effort will be made to induce the Moose central committee of seven to attend the meet from their homes in various parts of the cold and forbidding east. This will be the big chance to demonstrate the valley's fitness for a sanitarium—a fine equable climate and a bunch of live ones to take advantage of it.

**F. A. M. Championship**  
Chairman John Donovan of the F. A. M. competition committee has written Dr. Boido that The Republic's account of the state fair motorcycle races convinces him Arizona should have a designated championship event for next year's fair. Dr. Boido believes he will ask to have the hour race named as the big event. A wolf's record will probably be established.

**The Program**  
The Moose program will be about as follows:  
1. 5-mile professional. Purse, \$20, \$10.  
2. 15-mile time trial, prizes, \$10 and Moose cup.  
3. 10-mile professional, prizes, \$40, \$20.  
4. 15-mile Arizona Championship, prizes, \$50, \$30.  
5. 25-mile professional, prizes, \$50, \$30.  
6. Australian pursuit, prize \$30.

### TO PREVENT LEAKAGE

**[Republican A. P. Leased Wire]**  
LONDON, Dec. 5.—The British admiralty to prevent leakage of information regarding war works and materials has warned insurance companies against communicating particulars of risks on government works to foreign companies with which they have been in the habit of effecting re-insurance. Several insurance companies also have been stricken from the list of those eligible to participate in government insurance, and the others now operating have been warned that failure to safeguard with secrecy the particulars respecting government work would be liable to prosecution.

### DE ORO WINS AGAIN

CHICAGO, Dec. 4.—Alfred De Oro, champion, defeated August Kieckhefer, challenger, in the final block of their three cushion billiard match here tonight. De Oro made fifty in 49 innings, with a high run of 8 made in his last innings.

## FOOTBALL SEASON HAS EASY DEATH AT TEMPE

**Peculiar Faculty Ruling at Normal Prevents Students Entering More Than Three Sports in Year**  
TEMPE, Dec. 4.—Football for 1915, passed into history in Tempe and for the next couple of months it is probable that both the normal and high school athletes will give their attention to basketball. The inter-class series at the Normal starts Monday evening and following on the heels of that series a new schedule of contests with other schools will be commenced. Tempe high, though it has already engaged in basketball since the opening of school, will stick to that form of sport at least through the balance of this year and possibly until baseball season replaces it in February.

At the teachers school because of a rather singular faculty ruling allowing a young man to participate in but three forms of athletics it appears that track will drop from existence. Football lasted until Thanksgiving; basketball will last from now until the early part of February and then baseball will finish out the term, in the way the seasons are doped out now. With track seemingly the less popular of the four sports and harder to handle, the normal will not attempt to arrange any meets though it is possible that some of the young men who are more inclined to track training will work out for single event contests.

Interclass basketball among the boys of the normal is a new stunt. The series opens on Monday evening and games will be played each evening until the schedule is completed. Coach Schaeffer hopes to arrange an extra good schedule with other valley schools for basketball and figures now on the opening game probably two weeks from today.

## GOOD OUTLOOK FOR KIOTE NINE

Owing to the fact that the activity of the local high school team in football is at an end, interest which has for some time been manifested in the good old game of base ball is beginning to have an active revival as the time for the beginning the new season's training draws near.

Ross Lyall has been elected captain of the Coyote nine for the coming season, and it is his plan to put his recruits at work in earnest shortly after the Christmas holidays. All candidates for places on the high school team are to be given a try-out following the inter-class games which are to be played early in January.

A movement is on foot to secure the services of an old-time ball artist, McGivray, of Denver who was a "senator" to act as coach for the embryo cubs, Mangum and Mack. McGivray has been acting as umpire for some of the professional teams in the copper country this season, as well as holding down the job as the first base for the Phoenix team in the defunct Rio Grande organization. He has also acquired an enviable reputation in and about Denver.

It is said that the high school ball officials have an uncommonly promising bunch of material from which to select their timber for the season of 1916, and extraordinary good team is promised. With the services of McGivray, the boys believe that they could get together a team second to none in their class.

The inter-class contests which have been arranged for are the following: Jan. 1, freshmen vs. sophomores; Jan. 10, juniors vs. seniors; Jan. 12, contest between winners of above-named games; Jan. 14, winner of last-named game vs. post-graduates. The games will be pulled off on the polo street ball yard after school on the days mentioned.

## HUNDRED CARS, DODGE SUPPLIES EACH DAY

The traffic department at Dodge Brothers faces not only the problem of shipping out the manufactured cars but of promptly handling all raw material and supplies to prevent congestion at the unloading points.

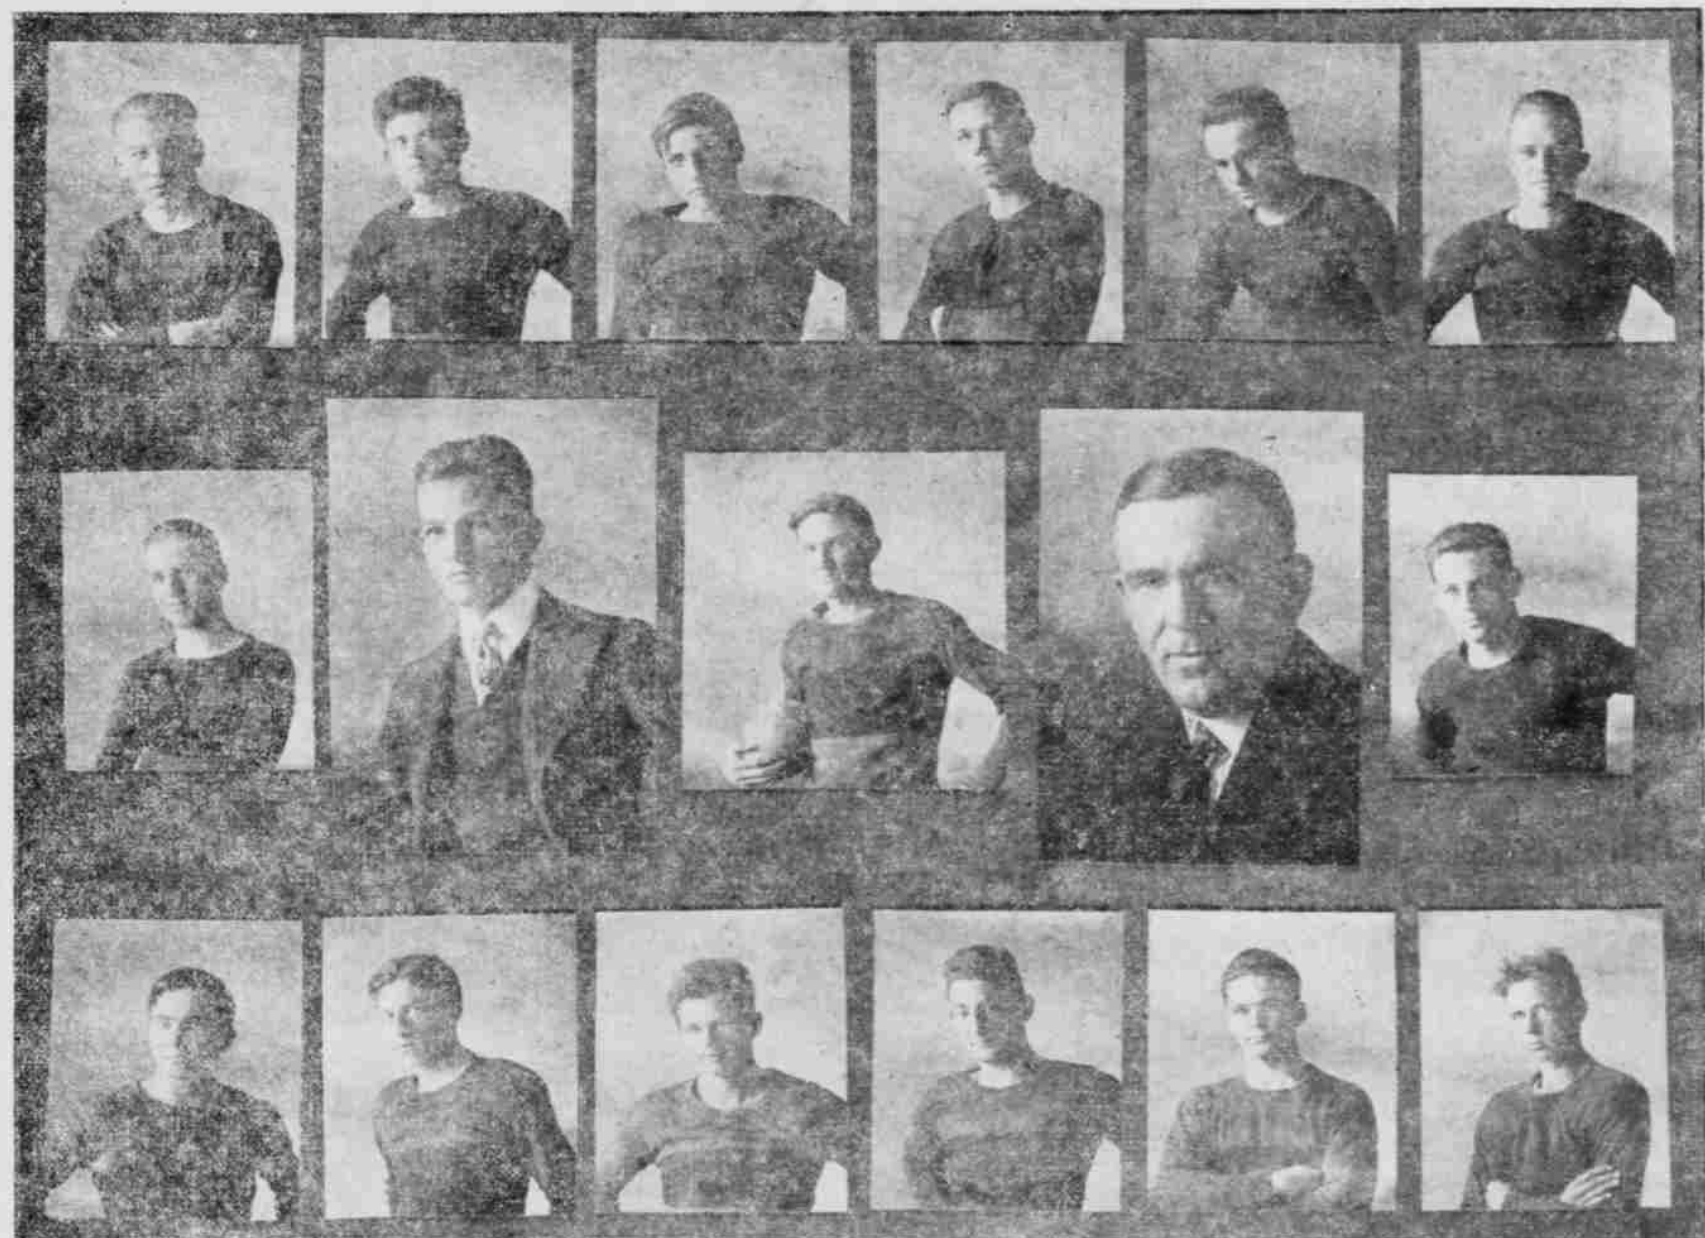

And the immensity of this task is partially realized when it is known that the incoming traffic amounts to an average of 100 carloads of freight daily.

In this are 400 tons of coal for the steam boilers, 150,000 gallons of fuel oil for the heat treating plants, 250,000 pounds of steel for parts, six tons of sand for the foundries, 55 tons of pig iron for the gray iron foundry, 50,000 pounds of brass for the brass foundry and 10,000 pounds of aluminum for the aluminum foundry.

### MAY PARDON DODSON

**[Republican A. P. Leased Wire]**  
SALEM, Ore., Dec. 4.—Because he is going blind, J. E. Dodson, who was sent to the Oregon penitentiary from Josephine county ten years ago under a life sentence for murder, was yesterday raised by the state parole board for conditional pardon. Governor Withycombe has not yet taken action.

## PRICE OF AUTO MAKIN'S GOES UP DURING WAR

"It sounds queer to say that the American automobile industry is paying a heavy price to the war that is waging in Europe, nevertheless it is an undisputed fact," said H. M. Jewett, president of the Paige-Detroit Motor Car Company.

"Materials of every description used in the manufacture of automobiles have gone up tremendously in price, due to the fact that huge quantities of these materials are used in making war munitions and machines of destruction.

"Everybody knows that steel, iron, aluminum, copper and all metals have shot skyward in price; leather and hair have gone in the same direction and the price of labor all over the country has increased. The result is that the finished automobile has gone up in price considerably to those manufacturers who had not contracted on their material for this year's production. In many instances raw material has advanced so high that the parts makers were unable to obtain same and were forced to buy in the open market and to increase their price to the motor car manufacturers, even in the face of having contracted in advance.

### BOETTCHER SUCCEEDS ERB

**[Republican A. P. Leased Wire]**  
DENVER, Dec. 4.—Charles Boettcher, of Denver today was elected president of the Denver and Salt Lake railroad to succeed Newman Erb, of New York, at a special meeting of the board of directors. Lawrence C. Phillips, of Denver, was chosen chairman of the board succeeding the late Dr. F. S. Pearson of London. W. E. Morse, Denver, was re-elected vice president and general manager.

### MINE SINKS NORVIK

**[Republican A. P. Leased Wire]**  
OSLON, (Via London) Dec. 5.—The Swedish steamer Norvik, from Grimsby for Stockholm with coal, struck a mine and sank. The captain, engineer, a stoker, a stewardess and a cook were drowned. The remaining fourteen of the crew were saved by the steamer Ambra and taken to Hangesund, Norway.

**HAYES WOOD**—Miss Cecil Hayes, daughter of Mr. and Mrs. J. T. Hayes of 910 North Eighth street and William D. Wood of the circulation department of the Arizona Republican were married by Judge Stanford at three o'clock yesterday afternoon.

News of the marriage will come as a surprise to their many friends for it was only the immediate relatives that knew the plans of the young people.

The bride is a charming and attractive girl who is a favorite with all who know her.

Mr. Wood has been connected with the big morning daily for a number of years and has a host of friends throughout the state. He is the son of Mrs. W. H. Wood and the brother of Mrs. W. P. Corbett and Mrs. J. W. Akers.

## LOCALS BREAK EVEN IN BASKET TOURNEY

The basket ball game between the high school teams of Phoenix and Glendale this morning was interrupted by rain just at the close of the first half of the boys' game, the score at that stage being 20 to 12 in favor of the Phoenix quint. The players and the spectators then repaired to the indoor court at the Y. M. C. A., where the contest was finished, the total score being 32 to 32 in favor of Phoenix. The game was much faster than any played this year, and assures the boys their trip to the northern part of the state to play Flagstaff normal and Winslow high school.

The line-up for Phoenix was as follows: Forwards, Work, Putney and Britain; center, Jewett; guards, Lyle, Young and Wright. Work started for the local 11 time and time again, making a number of sensational passes and baskets. The two Glendale boys played a star game for Glendale.

Both the girls' and the boys' teams

leave next Friday morning for Prescott, where they play the mile-high city. Following this game they will take the sleeper for Winslow and play the team there on Saturday night, returning to Phoenix on Sunday night.

The two teams were given a turkey dinner last Thursday night by the domestic science class of the high school, and the cooks, under the direction of Miss Harbeck are said to have served an excellent supper to the two teams.

In the clash between the girls' teams of Glendale and Phoenix, the first-named five won by the score of 26 to 7. Following is the line-up of both teams: Phoenix, forwards, Hinton and White; guards, Davidson and Harmon; centers, Caughlin and Fronts; Glendale, forwards, Campbell and Leve; center, Green and R. Roberts; guards, Brooks and V. Roberts.

## Our Used Car Department

Every used car we offer for sale is one that has been thoroughly examined before being accepted. We do not trade in a car that is not a bargain and—  
We sell that car for exactly what we paid for it.

We have for sale—

1 Buick 1915, C37—at \$700.

1 Buick 1914 B25—at \$550.

1 Chalmers, 1912 26—at \$400.

The two Buicks have electric lighting and starting.

The Chalmers has been overhauled and newly painted.

## The Buick

Never before in the history of the Automobile in Phoenix has a car taken so well as the new Buick Six.

For five months after it was announced we could not satisfy the demand.

Then—for one week we caught up.

Now we are out again.

A carload is on the tracks with all sold in advance.

Should we have been able to secure all the cars we could sell we would have broken all records. But what's the use in crying over spilled milk. We are getting the cars now and are ourselves once again.

Look out for the Buick salesman with the Buick Six.

—just a word

to let you know that this store has never before offered such complete and attractive stocks, so many exclusive novelties, such good sales and delivery service as at present.
